

Counting By 2s Book

Items used to make this Project:

- CD-120024 Shoes Colorful Cut-Outs (Assorted Designs)
- Colored construction paper
- Glue or tape

Directions: Glue or tape one matching pair of shoes on each piece of construction paper. Tape the pieces of construction paper together so that when they open up, it makes an accordion. Create a header on the title page "Counting by Twos" and glue or tape it to the cover page. Create labels for each page ("two" "four" "six" ...) and place them on each page below each pair of shoes.
