

All Star Words

Items used to make this Project:

- CD-110016 All-Stars Bulletin Board set
- CD-2813 "Make Words" for First Grade from Month-by-Month Phonics Word Cards

Directions: To make the front cover paste the letters that say "All Star" and two of the children to the page. Type the word "words" on computer paper and place it between the two children. Place one cheerleader and one matching megaphone on each page. Type the directions onto labels or computer paper and glue to the pages, alternating between: "Clap each letter as you spell the word," and "Clap the number of syllables in this word." Attach one word card from the Month-by-Month Phonics Word Card set to each page. The word card can be attached with hook-and-loop tape so that it can be changed.
