

Frog-tastic!™ Calendar T-8331

★ Featured Display: It's a Great Day!

Get students interested in science by charting the weather each day. In the center of your display, spell "It's a Great Day!" with Ready Letters®. Display your calendar, adding the current month's header piece, date cards, and special day markers. Display the weather spinner and ask a different student to update the spinner each day. Then, discuss the current outdoor weather and invite students to help dress the 15" frog in appropriate seasonal clothing. Enhance your display with student assignments or weather photos. Post clear vinyl document envelopes for a handy way to store and organize seasonal clothing and calendar pieces.

★ Additional display ideas

Add tactile elements to your weather display to enhance the learning experience. Mylar fringe from a party store can be used for rain. Students can make smiling construction-paper suns to warm your display for summer. In the fall, use floral preservative to preserve and display real leaves. Complete the cycle with fluffy drifts of winter snow made with cotton batting.
