

Continents & Countries

Sharpen geography skills and set students on a course for discovery learning of cultures, history, and more.

★ Featured Display

Use this set to encourage hands-on learning of geography, history, cultures, and more. To help students learn the countries and flags of the world, display all the pieces in the set, and have students use yarn and push pins to connect the flags and countries. Another idea (not shown) is to use accent speech balloons to call out the location of a book, historical event, or students' ancestors. The possibilities are endless!

★ You'll need
