

Items used to make this Project:

- DJ-620020 Crayons Colorful Cut-Outs (Assorted Designs)
- Glue or tape
- Labels
- 12 pieces of colored construction paper

Directions: Type up the "Crayon" song and cover page. Glue or tape the cover page to the first piece of construction paper. Add a few crayons for decoration. Glue or tape the first verse of the song to the next piece of construction paper. Separate all the Crayon Colorful Cut-Outs into color sets. Add two of the same color crayon to the first verse, setting aside the extras for later use. Add the next verse to the next piece of construction paper and glue or tape two other crayons. After all the verses have been glued or taped down and the crayons have been added, pick up the extra crayons. Make labels with the color names. Add the labels (red, yellow, etc) to the appropriate crayons. To play: hand each child a loose crayon with the color name labeled on it. Sing the song. When their color is called, they stand up.

Song: If your Crayon is _____, please stand up, please stand up, please stand up. If your Crayon is _____, please stand up. Now sit back down.
