

PUPPET Theater Gloves

Items used to make this Project:

- Children's garden gloves
- Header card (the top part that is stapled to the bag) from any set of Carson-Dellosa Storytelling Punch-Outs
- Hook-and-loop tape

Directions: Cut the story characters from the header card of any Carson-Dellosa Storytelling Punch-Outs (CD-10012, CD-110013, CD-110022, or CD-110023). Using hook-and-loop tape, attach each character to a part of the glove. By using hook-and-loop tape, you can remove the pieces and change the characters. These work great with our Puppet Theater (CD-158000)!
